

147.040 / 147.640 FM

PL TONE: 103.5 TX and RX

CALLSIGN: W5EXI

Location: KRVS alternative transmitter site, north of Duson La.

Coverage is a bit further West, extending beyond Crowley, however its shadowed to the north so has limited coverage beyond Church Point. Eastern coverage extends over to Breaux Bridge and south to between New Iberia and Broussard.

The callsign is that of one of the original members of the AARA, Eddie Miller. Originally the repeater was located off of Dulles Drive and occupied the 147.21 frequency. It was moved to 147.04, then to 147.03 and finally back to 147.040. It was moved to its current location and with building improvements it has become quite reliable.
